Blended Training Testimonials

Students who have attended class and are registered in Online Course.

Cody Hopson, Site Superintendent – CCR Construction Ltd. “Great overview of project management framework and knowledge areas for construction projects”

Cole Raiwet, Industrial Service Manager – **South East Construction** “Awesome class, great start to moving up in a company from a junior or senior level”

Ryan Froehlich – **Independent contractor** “As someone fresh into the construction industry, I believe this course helped me to get a much better understanding of what’s to come and it showed me the process involved”

Chris Wallbaum, Estimator – All-Rite Plumbing & Heating Ltd. “Very informative, enjoyed the class greatly”

Ashley Gyman, Site Superintendent – CCR Construction Ltd. “I found the seminar beneficial and unbiased approach to project management. I will use the tools I learned during this seminar to mine and my companies benefit”

Nick Wallbaum, Estimator – All-Rite Construction Ltd. “A good framework to get everyone in the organization speaking the same language regarding managing projects. Everyone can benefit from this”

Ian Carlson, Project Coordinator – Braxton Construction “This course delivers a great foundation of knowledge to anyone involved in the project life cycle from foreman to admin staff to Project Managers and CEO’s”

Prasanna Shrestha, Estimator – CCR Construction Ltd. “I found the class was highly informative and enjoyed Jason’s background and knowledge. He was very successful blending his experience and the core knowledge into a very interesting learning session”

Aziz, Rehman, PhD. Breeding Statician – Cargill “We had two days of good discussion and interaction in the class with small group exercises. The addition of the outline support as part of the training in very helpful in learning about the PMP course”

Syed Imran, CEO – Aquastructure Solutions Inc. "I enjoyed learning in the PMP course. The online and in-class resources were excellent. Jason's engaging teaching style simplified the learning curve and encouraged me to learn more about project management. I would recommend this course as a starter for young professionals as well as a refresher for seasoned project managers"

Deborah Rush, Director of Marketing & Communications – Regina Regional Opportunities Commission “The NexLev Project Management Professional Course is comprehensive and a valuable addition to any business professional looking to understand and implement a project management framework. Coupled with the online tutorials, webcasts and support of the NexLev team, it is a valuable tool in reaching the PMP designation. Jason’s passion and commitment to project management resonates throughout the course”
